- 16 **Arm / Shower / Jali**

SOURCING

Brass is source from the most reputed vendors and is inspected by QC staff before it is sending for casting.

CASTING

Virgin brass and scrap is casted in various molds as per the pattern using the Die Casting Process.

MACHINING

Casted products are machined as per the design requirements to create threads.

GRINDING

The machined product is thus grinded using belt grinders to achieve smooth finishes without sharp edges.

POLISHING

The grinded pieces are polished on high speed polishing machines by experienced workers to achieve perfect surface with high glass & shine.

TESTING

Having undergone the above process, the pieces are then checked for surface defects. The water carrying components are pressure tested using Hydraulic Testing machine to detect any leakage in the casting.

PLATING

The tested and okayed pieces then undergo the process of plating finishing.

ASSEMBLY

The coated pieces are assembled and once again checked and tested with Hydraulic Pressure. The tested pieces are then packed in corrugated boxes and ready for dispatch.

Why us ?

100% MADE IN INDIA

High quality construction of material to ensure a product made of the best design and 100 % made in India.

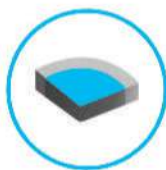

EASY TO ASSEMBLE

Single hole installation and standard plumbing connection

SOFT MOVE & LONG LIFE

To ensure smooth movement of spindles and cartridges tested for over 5 lakh cycles, assuring long life of faucets.

DOUBLE PLATING

All faucets are double plate, which are characterized by a double chrome plating an double nickel plating to grant the product a long life.

EASY TO CLEAN

Nozzle resists mineral buildup and is easy to clean.

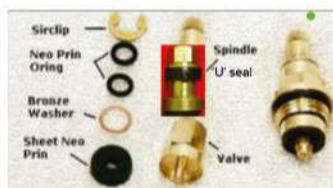

LIMITED 10 YEARS WARRANTY

FLAMINGO Limited warranty covers customers for the life of their products based on manufactures defect in spindle only*.

OUR QUALITY AND SUPERIOR TECHNOLOGY

The all new 3C technology enhances the efficiency of the Cartridge, Casting & Coating, ensuring zero leakage & ever lasting shine.

Customer Responsibility & Maintenance

- Every products has limitations and may deteriorate from handling, cleaning and exposure to environmental condition which is unavoidable. Proper care would ensure that this products last a longer life.
- Do not use scrubbers, abrasive, harsh washing powder or chemicals.
- Remove and clean aerators mess from time to time to avoid clogging.
- Leftovers of building material, dirt/impurities to be flushed out from the plumbing line before fixing faucets.
- For ideal working of plumbing fixtures minimum and maximum water pressure to be 0.7 bar and 2.5 bar respectively.
- Place the outlet point in the overhead tank at least 25 CM about the ground level. It prevents the flow of foreign particles, sand etc.
- Insist of genuine spares from company's authorised stockiest.

Terms & Conditions

- Crosपो warranty is against manufacturing defect and cartridge on limited faucets series for 10 years for residential installation and 3 years for commercial installation.
- Crosपो don't provide plumber service to end users.
- Warranty shall apply to products or parts thereof, which have been repaired by authorised or qualified person using genuine spare parts.
- Crosपो has the rights weather to repair, replace or make appropriate changes to fix the issues. Crosपो is not responsible for installation cost or any consequential expenses.
- This warranty is for manufacturing defects and it's not applicable on washers, rubber, spring, hose pipe and other plastic items.
- This warranty is confined to first purchaser of products only.
- Only on Full bill Warranty approved.
- Customer is required to keep GST paid original invoice and warranty cards.
- Damage of any products or parts there of due to any of the following causes will not be covered under this warranty.
 1. Misuse, negligence, accident or faulty installation.
 2. Use of dirt, hard water, lime scale or aggressive cleaning chemicals.
 3. Improper maintenance of the product.
 4. Normal wear and tear.
- The company is not able to pay for any civil construction work required during installation of new products or replacement/repair of old products.
- In case of replacement the product is replaced with the same one. If the product has been discontinued then the customer has to pay proportionate amount on the current MRP.
- In case of any dispute this warranty is subject to jurisdiction of Jamnagar courts only.
- Picture shows are for illustration purpose only actual product may vary due to product enhancement.
